A3 Communications Recognized As An Inc. 5000 Fastest-Growing Company For Third Consecutive Year

Records Three-year Sales Growth of 319 percent

COLUMBIA, SC (August 25, 2014) — A3 Communications, Inc., one of America's fastest growing systems integrators, has been recognized as a 2015 *Inc.* Magazine 500|5000 Fastest Growing Company for the third consecutive year. With an impressive ranking of 1,302, A3 Communications continues to earn its place among America's most elite independent entrepreneurs.

Based on an unprecedented three-year growth of 319 percent, including the addition of 44 new positions, A3 has climbed an incredible 2,927 spots since its introduction to the list in 2012. "Each year, we set even more ambitious goals than the last with the intent of encouraging and inspiring our team. No matter how impossible that target might seem, by the end of the year, we managed to shatter it. I'm in awe of what we achieve together," said Brian Thomas, President of A3 Communications, Inc.

To be considered for the coveted Inc. 500|5000 list, for-profit, independent, privately owned companies must generate revenues of at least $100,000 in 2011 and at least $2 million in 2014. "In 2014, we earned revenue of $22.1 million," said Dave Lewis, Chief Financial Officer. "When I first started with A3, these were numbers we only dreamed about. Even today, our future projections place us far ahead of where we are now, allowing us to continue exceeding our clients' high expectations."

Inc., magazine will recognize A3's achievement on Friday, Oct. 23, 2015, during an evening awards ceremony at the JW Marriot Orlando Grande Lakes Resort in Orlando, Fla.
