A3 Communications Recognized for Third Year as a SDM Top Systems Integrator

COLUMBIA, S.C. (July 8, 2019) — A3 Communications, a leading information technology and security provider, recently announced its recognition as one of America's "Top Systems Integrators" for the third consecutive year. Evaluated through *SDM* magazine's annual Top System Integrators Report, the firm earned the impressive 11th spot out of 100 total companies. The official list was released in the magazine's July issue.

"It's amazing to see how far we've come and we are honored to be recognized alongside some of the industry's top systems integrators," said Brian Thomas, President of A3 Communications. "This is a true testament to the dedication and hard work of our employees. They continually put our customers first and set a standard of excellence for customer service throughout the Southeast."

Since 1996, *SDM's* Top Systems Integrator Report has ranked eligible businesses by their North American systems integration revenue, including profit related to access control, ID/badging, video surveillance/analytics, intrusion alarms, perimeter security, electronic gate entry, intercom/communications, fire protection and IT/networks. Moving up the list from the year's previous 12th spot, A3 Communications reported a 2018 revenue of $45MM with completion of 1,212 projects.

"We're extremely proud to be recognized for the third year in a row and hope to continue on this path of growth," said Thomas. "We're actively adding to our team at each regional office, expanding into neighboring states and partnering with The Cook & Boardman Group to deliver comprehensive physical security solutions."
