

Leverage E-Rate Funds for Critical Projects

Partner with A3 Communications for your network infrastructure and E-Rate needs

Now more than ever, your critical networking and technology projects can't wait! Students need resources to be successful and stay ahead of the technology curve. From critical network infrastructure and structured cabling solutions to firewall and device management, let us help you connect your classrooms.

By partnering with A3 Communications you're receiving more than 30 years of systems integration knowledge and a deep understanding of K12 environments. As your chosen partner, we'll help you fully understand your solution and deliver a finished product according to your scope, schedule and budget. If cost is a main concern, no worries! Our industry experience and partner relationships allows us to offer competitive pricing for top K12 networking manufacturers and ensure you're maximizing existing E-Rate budgets.

SOME OF OUR VALUED E-RATE PARTNERS:

Contact us today! Our dedicated team of engineers and sales support staff are here to help you plan for upcoming E-Rate needs and complete your critical projects.
